Dear Attorney General Morales:

I am, herein, requesting an opinion on how home rule municipalities must measure their five-mile Extra Territorial Jurisdiction (ETJ).

Specifically, can home rule municipalities use a map, and draw a five-mile radius around their city; or must they go into the field, and physically measure the five-mile radius?

I appreciate your attention to, and consideration of this request; and should you have any questions, please feel free to call.

Cordially yours,

Wilhelmina Delco
